Read the passage below and answer the questions that follow.

After graduating from college, he started selling correspondence courses to the ranchers among the sand hills of western Nebraska and eastern Wyoming. In spite of all his boundless energy and enthusiasm, he couldn't make the grade. He became so discouraged that he went to his hotel room in Alliance, Nebraska, in the middle of the day, threw himself across the bed, and wept in despair. He longed to go back to college, he longed to retreat from the harsh battle of life; but he couldn't. So he resolved to go to Omaha and get another job. He didn't have the money for a railroad ticket, so he travelled on a freight train, feeding and watering two carloads of wild horses in return for his passage. After landing in Omaha, he got a job selling bacon and soap and lard for Armour and Company. His territory was up among the Badlands and the cow and Indian country of western South Dakota. He covered his territory by freight train and stage coach and horseback and slept in pioneer hotels where the only partition between the rooms was a sheet of muslin. He studied books on salesmanship, rode bucking broncos, played poker with the Indians, and learned how to collect money. And when, for example, an inland storekeeper couldn't pay cash for the bacon and hams he had ordered, Dale Carnegie would take a dozen pairs of shoes off his shelf, sell the shoes to the railroad men, and forward the receipts to Armour and Company.

Read the passage below and answer the questions that follow.

After graduating from college, he started selling correspondence courses to the ranchers among the sand hills of western Nebraska and eastern Wyoming. In spite of all his boundless energy and enthusiasm, he couldn't make the grade. He became so discouraged that he went to his hotel room in Alliance, Nebraska, in the middle of the day, threw himself across the bed, and wept in despair. He longed to go back to college, he longed to retreat from the harsh battle of life; but he couldn't. So he resolved to go to Omaha and get another job. He didn't have the money for a railroad ticket, so he travelled on a freight train, feeding and watering two carloads of wild horses in return for his passage. After landing in Omaha, he got a job selling bacon and soap and lard for Armour and Company. His territory was up among the Badlands and the cow and Indian country of western South Dakota. He covered his territory by freight train and stage coach and horseback and slept in pioneer hotels where the only partition between the rooms was a sheet of muslin. He studied books on salesmanship, rode bucking broncos, played poker with the Indians, and learned how to collect money. And when, for example, an inland storekeeper couldn't pay cash for the bacon and hams he had ordered, Dale Carnegie would take a dozen pairs of shoes off his shelf, sell the shoes to the railroad men, and forward the receipts to Armour and Company.

अच्छे-खासे यूनिवर्सिटी के प्रोफेसरों को लजा दे, ऐसा इल्म और तेज दिमाग है इस स्कूल मास्टर का, पर उस असामान्य दिमाग का परिचय अपने-आप नहीं मिलेगा। बहुत उकसाए कोई, तभी मिलेगा। नहीं, उन्हें अपने इल्म के प्रदर्शन में रती भर भी रूचि नहीं। अपने जमाने में हॉकी के बेहतरीन खिलाड़ी रह चुके वे, आज भी उसी युवकोचित उत्साह के साथ घंटों मैच देखते हैं-पूरे तादातम्य और 'पैशन' के साथा मैं इंग्लैंड जा रहा हूं और एक वेल्श मित्र के यहाँ ठुहरूँगा-यह पता चलने पर उन्होंने वेल्स लोगों के इतिहास और सांस्कृतिक विशेषताओं के बारे में ऐसी-ऐसी बातें बताई कि मैं दंग रह गया। केल्टिक लिटरेचर के बारे में उन्हें वह सब पता था, जो कुमाऊँ विश्वविद्यालय के अंग्रेज़ी विभाग का अध्यक्ष भी न जानता होगा। कब पढ़ा होगा उन्होंने यह सब! और इस तरह की समझ सिर्फ पढ़ने से नहीं आती, गुनने से आती है। जाने किस जमाने के बी. ए. भर तो हैं वे। घर की हालत अच्छी होती, एम. ए. कर पाते तो किसी यूनिवर्सिटी में प्रोफेसर होते। मगर... क्याँ हुआ होता, यह वे शायद खुद भी नहीं सोचते। किसी तरह की शिकायत या कुठा उनके भीतर नहीं। लोग मजाक उड़ाते हैं उनका-इसकी भी उन्हें कोई चिंता नहीं।
