#### **Online Preliminary Examination:**

Online Preliminary Examination consisting of Objective Tests for 100 marks. This test would be of 1 hour duration consisting of 3 Sections (with separate timings for each section) as follows:

Sr. No.	Name of the Test	Number of Questions	Maximum Marks	Duration
1	English Language	40		20 minutes
2	Quantitative Aptitude	30	Total Maximum  Marks	20 minutes
3	Reasoning Ability	30	100	20 minutes
	Total	100		1 Hour

All the questions will have multiple choices. Out of the five answers to a question only one will be the correct answer. The questions in objective tests, except for the test of English Language, will be bilingual i.e., English & Hindi.

## **Penalty for Wrong Answers:**

There will be penalty for wrong answers marked in Objective Tests. For each question for which a wrong answer has been given by the candidate, 1/4<sup>th</sup> of marks assigned to that question will be deducted as penalty to arrive at corrected score. If a question is left blank, i.e. if no answer is marked by candidate, there will be no penalty for that question.

**Selection criteria for Main Examination**: Category wise merit list will be drawn on the basis of the aggregate marks scored in the Preliminary Examination. There will be no sectional cut-off. Candidates numbering 10 times (approx.) the numbers of vacancies in each category will be short listed for the Main Examination from the top of above merit list.

Please note that the types of questions in this handout are only illustrative and not exhaustive. In the actual examination you will find questions of a higher difficulty level on some or all of these types and also questions on the types not mentioned here.

Some sample questions are given below.

### **DETAILS OF THE ONLINE EXAMINATION**

- 1. A login screen will be displayed to the candidate. The candidate has to log in using his/her User ID and Password which is provided on the call letter.
- 2. After logging in Candidate's profile (Name, Roll No & photograph etc.) will be displayed and the candidate has to confirm the same by clicking on 'I confirm' button confirming the profile is correct.
- 3. Thereafter the instructions will be displayed on the screen.
- 4. Candidate should read the instructions carefully and indicate that he/she has done so by 'checking' (click) the box at the bottom of the screen, after which 'I am ready to begin' button is activated.
- 5. After clicking on the 'I am ready to begin' button the actual test time will begin.
- 6. In online Preliminary examination there will be 100 questions and each question is followed by 5 alternatives/options.
- 7. The questions except those on English Language will be available in Hindi & English. In order to view a given question in other language, a candidate can click on the 'view in' drop down box and select the desired language.
- 8. Only one question will be displayed at a time.
- 9. Total duration of the exam is 60 minutes (separate timing for each section).
- 10. Compensatory time of 20 minutes for each 60 minutes will be allowed for candidate eligible for compensatory time.
- 11. In order to answer a question, candidate has to 'mouse click' the option he/she thinks appropriate/ correct. The alternative which has been clicked on will be highlighted and shall be treated as the answer given by the candidate for the question.
- 12. After selecting an answer for a question candidate should click on the 'SAVE & NEXT' button to save his answer and proceed to the next question. Note that without clicking on 'SAVE & NEXT' button the answer selected will not be saved.
- 13. Note that only questions for which answers are saved or marked for review after answering will be considered for evaluation.
- 14. In case a candidate does not wish to attempt the question then he/she should not click on any option for that question. A candidate can choose to deselect his/her answer for a particular question by clicking on the 'CLEAR RESPONSE' button provided against each question.
- 15. In case a candidate wants to skip a particular question and return to it later in a particular section, he/she can do so during the timing prescribed for that section.
- 16. The question numbers of attempted and unattempted questions are also shown to the right of the screen. A candidate can then click on any of the question number to view the question, in order to attempt/ revise his/her answer to the question.
- 17. Each section has separate timing. A candidate can navigate between questions within a section during time prescribed for that section by clicking on the question number displayed to the right of the screen.
- 18. The Question Palette displayed on the right side of screen will show the status of each question using one of the following symbols:
  - You have not visited the question yet.
  - You have not answered the question.
  - You have answered the question.
  - You have NOT answered the question, but have marked the question for review.
  - The question(s) "Answered and Marked for Review" will be considered for evaluation.

The Marked for Review status for a question simply indicates that you would like to look at that question again. *If a question is answered and Marked for Review, your answer for that question will be considered in the evaluation.* 

- 19. Under no circumstances should a candidate click on any of the 'Keyboard keys' once the exam starts as this will lock the exam.
- 20. The clock will be set at the server. The countdown timer in the top right corner of screen will display the remaining time available for you to complete the examination. When the timer reaches zero, the examination will end by itself.

# **Submitting the exam:**

- 21. A candidate can change his/ her answer for a question in a section within the time prescribed for that section.
- 22. After the expiry of time the candidates will not be able to attempt any question or check their answers. On completion of test time, answers of the candidates would be saved automatically by the computer system even if they have not clicked the "Submit" button.
- 23. Please note that a candidate will not be allowed to "finally submit" unless they have exhausted the actual test time of the examination.

**WISH YOU GOOD LUCK!**
